Vill-Ramchandrapur Devgaon Lalganj Azamgarh, Mob-9598615012| gunjanrai9598@gmail.com |

Profile:

- Detail-oriented IPR Analyst with expertise in data mining, reporting pirated URLs, and delivering timely updates to clients. Committed to protecting intellectual property and ensuring smooth business operations through proactive monitoring and communication.

Experience:

DIGITAL CONTENT PROTECTION | MARKSCAN/IP HOUSE | DECEMBER 2022 – MAY 2026

- Conduct in-depth monitoring and analysis to identify copyright infringements across websites, social media platforms, and user-generated content (UGC) sites.
- Perform forensic investigations of unauthorized IPTV services, rogue streaming platforms, and third-party applications distributing pirated content.
- Utilize digital tools and OSINT (Open-Source Intelligence) techniques to trace the origin of infringing content and map distribution networks.
- Prepare detailed analytical reports and data-driven presentations for stakeholders, highlighting piracy trends and enforcement outcomes.
- Coordinate with legal and enforcement teams to initiate DMCA takedowns and pursue appropriate legal action against repeat infringers.

FRONT DEST ASSOCIATE | THE NEUROCITY HOSPITAL | JULY 2020 – SEPTEMBER 2022

- Greet and assist patient and attendants with professionalism and care.
- Manage patient queries and provide accurate information.
- Maintain patient registration and update billing records.
- Communicate effectively with patients, doctors and staff for timely assistance.

Project:

MULTI-PLATFORM PIRACY SCRAPER TOOLKIT

- **YouTube Scraper** – Automated extraction of video metadata (views, upload time, channel info) to track and analyze pirated content.
- **Telegram Scraper** – Collected messages, media file data, and group/channel metrics for identifying illegal content distribution.
- **Instagram Scraper** – Captured post and profile data including followers, engagement, and timestamps to monitor IP misuse.
- **Website HTTP Header Checker** – Developed a tool to inspect server responses, redirections, and identify potential hosting of pirated content.

Education:

BACHELOR OF SCIENCE IN BIOLOGY | APRIL 2021 | MH. HASSAN PG COLLEGE JAUNPUR

Skills & Abilities

- Familiar with MS Tool (Word, Excel, PPT)
